Teams for Education

Quick Start guide for students

Get started

How to sign in

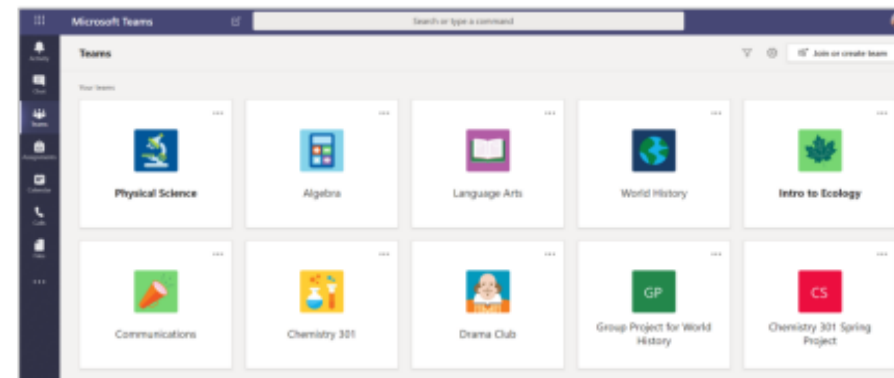

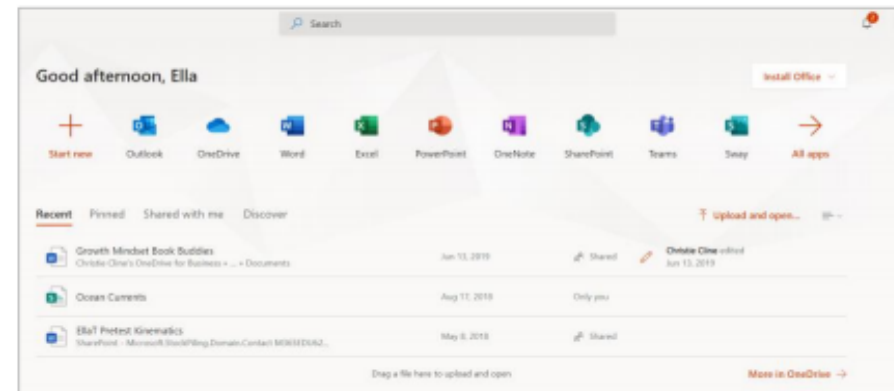

Sign in to Teams

1. Go to Office.com and sign in with your school email and password.
2. From your Office.com homepage, click on the **Teams** app to open it right in your browser.
3. Select  Teams to see which class teams you're in. If your teacher has already set up the class team and added you, you'll see one or more (depending on how many classes you have) class team tiles.

Note: Don't see any class team tiles? Your teacher may have invited you to join your class team with:

- A join code (from the Teams page, select **Join or create team** and enter the code)
- A link (check your email!)

When you see your class tiles, click on one to start connecting with your teacher and classmates!

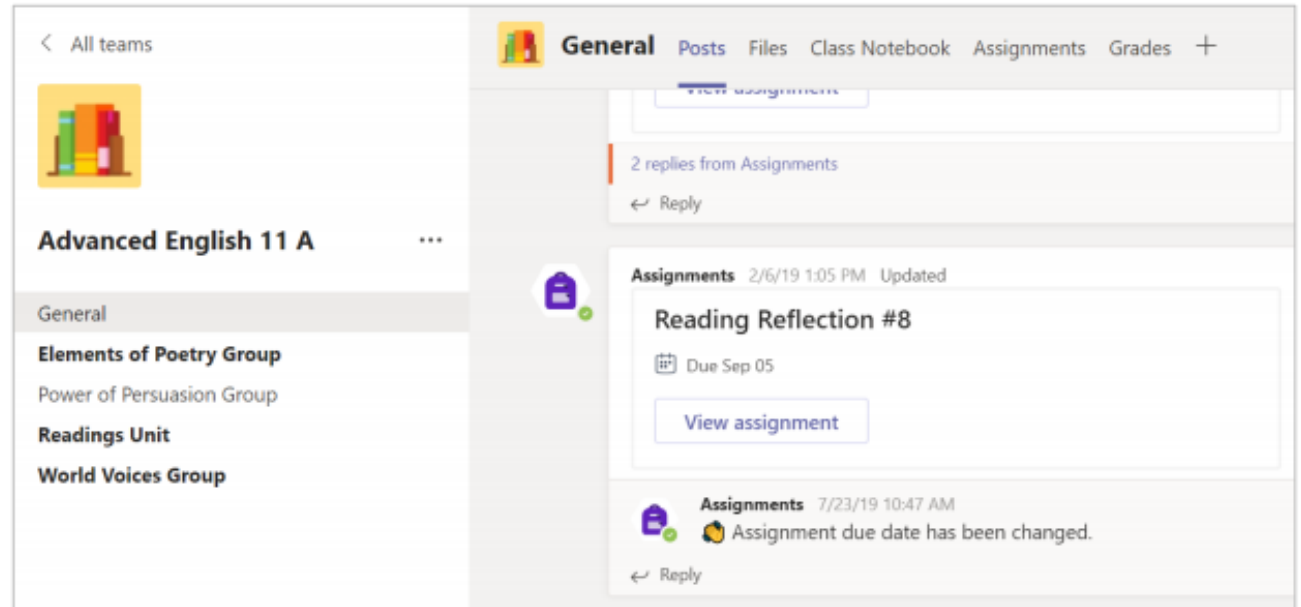

Get organized

Find and organize conversations, files, assignments, and notes in your class teams.

Channels

Every class team has a main discussion area, the **General** channel. Under **General**, your teacher may create more channels to organize topics, projects, and more.

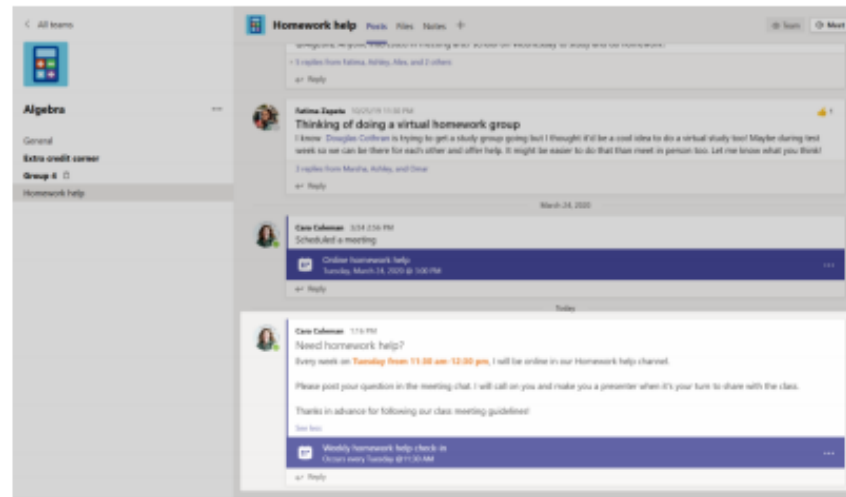

- All channels include a **Posts** and a **Files** tab.
- The **Posts** tab is where you, your classmates, and your teacher can all start and reply to conversations.
- Look for shared documents in the **Files** tab.
- Along with **Posts** and **Files** tabs, the **General** channel has **Assignments**, **Class Notebook**, and **Grades** tabs.

Communicate

Create and respond to messages in Teams.

Note: You can also see scheduled meetings in any of your class team channels.

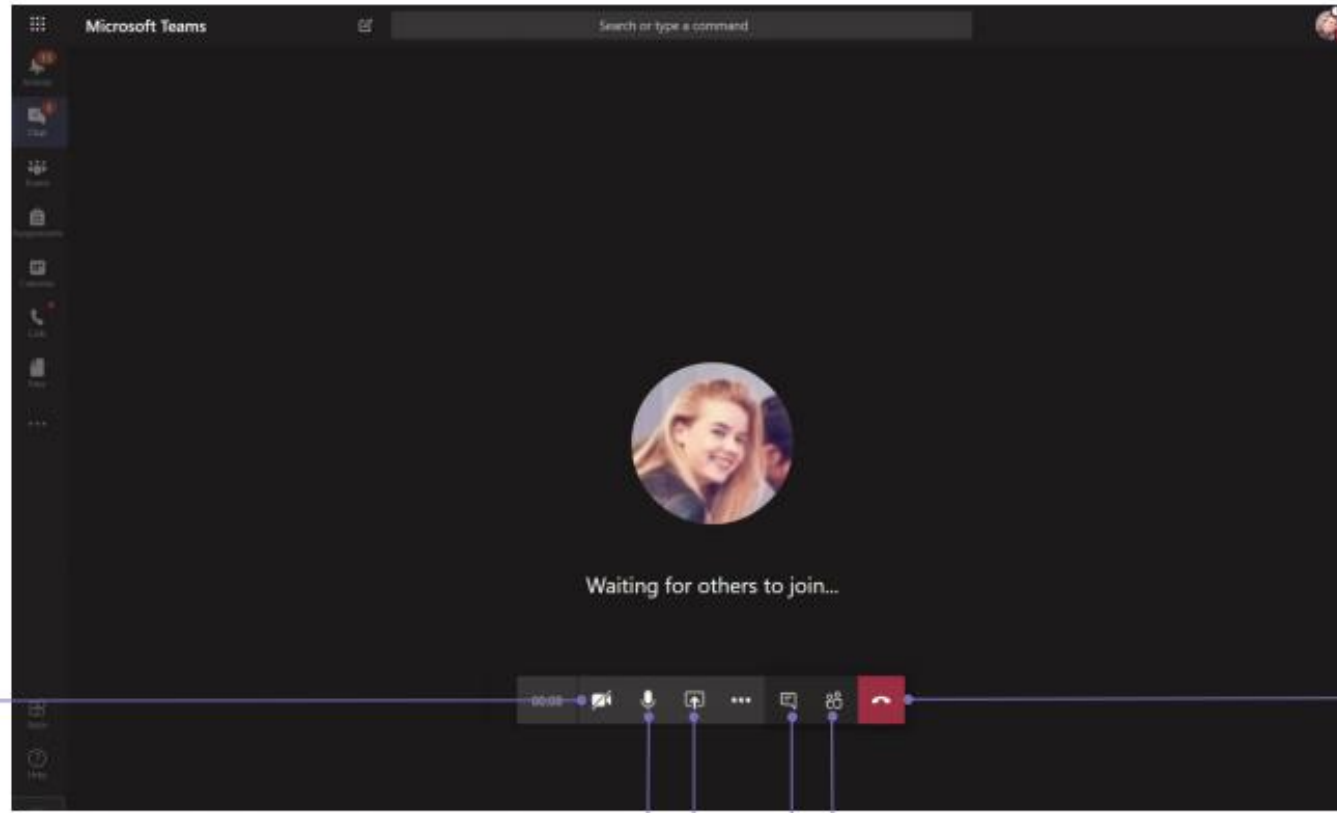

Microsoft Teams for Education | Quick Start Guide for Students

Answer a call

When your teacher or a classmate calls you in Teams, you'll get a notification where you can decide how to answer. You can accept with video, accept with audio, or decline.

How to use the toolbar during the meeting

Turn your video on and off.

Mute and unmute your microphone.

Share your screen or a document.

Participate in the meeting chat.

Leave the meeting. The meeting will continue even after you've left.

See who's in the meeting.

Share and organize files

Share files in conversations and use the Files tab to keep track of them.

Find or create a file

See the files that you, your classmates, and your teacher have shared in a chat or a channel by selecting the **Files** tab.

While in **Files**, you can create a new Word, Excel, or PowerPoint document for you and your classmates to collaborate in.

Class Materials

In the **Files** tab of every class team's **General** channel, your teacher might add read-only resources to the **Class Materials** folder. Look here for important documents that can help you with assignments, projects, or just staying up to date on class expectations.

General			
	Name ▾	Modified ↓ ▾	Modified By ▾
	Class Materials		System Administrat...
	Stickers_SillySupplies_Crayon.png	October 25, 2019	Cara Coleman
	Introduction to Algebra (1).pptx	October 25, 2019	Cara Coleman
	Evaluate the expressions - Friday.docx	October 25, 2019	Cara Coleman

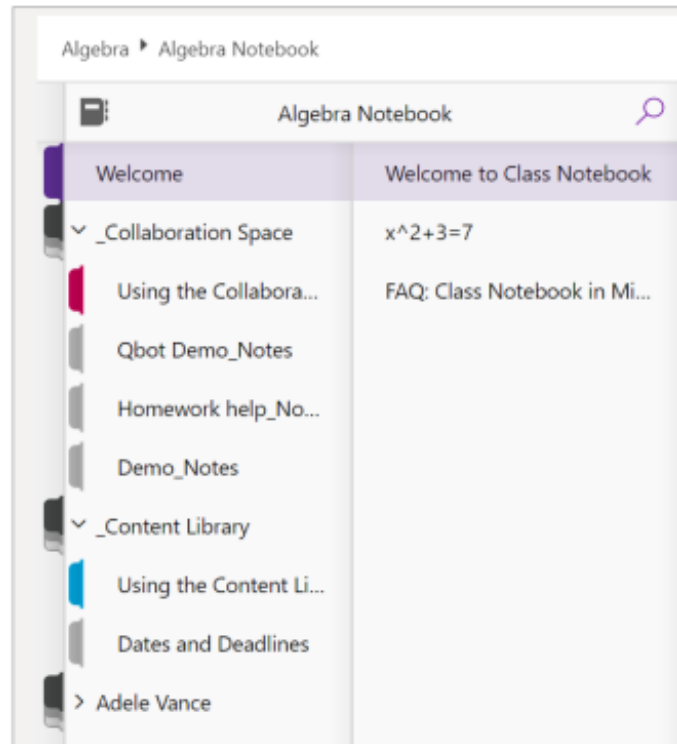

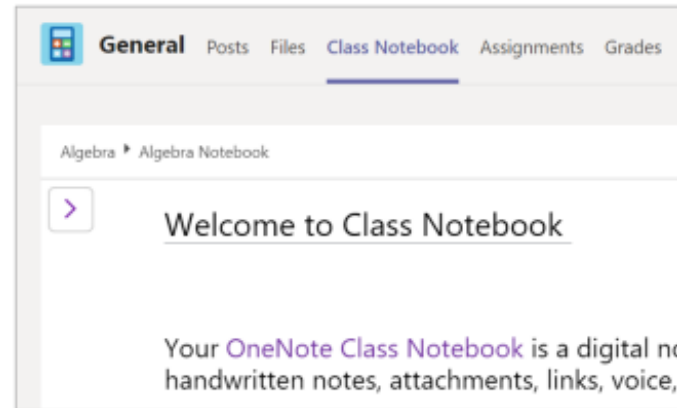

Class Notebook in Teams

Use your class team's built-in Class Notebook for more class work, activities, and collaboration.

Use Class Notebook in Teams

Need to take private notes or brainstorm with classmates? The **Class Notebook** tab lives in your class team's **General** channel. If your teacher has set up the notebook and directed the class to use it, click the tab and explore.

1. Select > to expand the notebook and see all your sections: a **Collaboration Space** for developing ideas and projects with classmates, a **Content Library** where your teacher can save important resources, and a private notebook section that's just for your work.
2. Note the section at that bottom with your name—that's your private notebook! Only you and your teacher can see it.

Get help on Office 365 and Teams

Explore the [Student help center](#) for inspiration and help using Office 365 with your school work.
