

Five Little Polar Bears

(Teach this as a spoken word rhyme, or choose your own tune.)

Five little polar bears
Playing near the shore.
One tumbled in,
Then there were four.

Four little polar bears
Swimming in the sea.
One chased a seal,
Then there were three.

Three little polar bears
What shall we do?
One went swimming,
Then there were two.

Two little polar bears
Playing in the sun.
One took a nap,
Then there was one.

One little polar bear,
Soon to be gone.
Ran to his mummy,
then there were none.
